

## 2009 Volleyball Clinic / Referee / Scorekeeper Information

All referees must pass the CYC South County Volleyball Test. The data sheet and answer sheet must be turned in by June 22 to your parish volleyball lay director or Bill Halaz. If late, you will not referee.

Scorekeepers do not have to take the Volleyball test, and only the data sheet must be turned in. For scorekeepers only, the data sheet can be turned in at the clinic.

All referees and scorekeepers are required to attend one of the clinics or they will not be allowed to officiate CYC games. (NO EXCEPTIONS)

All Referees with less than three years experience should bring a whistle and pencil to the clinic. All Scorekeepers should bring a pencil to the clinic.

Referees that have officiated three or more years can attend the abbreviated version of the clinic.

If you are both a volleyball referee and scorekeeper, you only need to attend the referee part of the clinic.

All referees / scorekeepers must be 13 by September 1 to officiate volleyball
